COMPANY SAFETY POLICY

GRD Construction Ltd. Is committed to creating working condition that promote safe, healthy and efficient operation and to eliminate or control the hazard that causes accident, injuries or damage to the environment.

Every reasonable and practical effort she be made to follow principles of good safety management. To achieve this objective the company will comply with the OH&S and/or WCB, provincial, local and industry safety and legislation. It is incumbent upon all GRD Construction employees to understand their roles and responsibilities to ensure that the GRD Construction Safety Loss and Prevention program is consistently implemented.

GRD Construction is committed to this program and will provide ongoing support, training, procedures and equipment to ensure safe worksites.

Safety is everyone's responsibility and as individuals we have to take responsibility for making Every work sire a safe work site and wherever possible, improving safety measures.

Note: The information in this policy does not take precedence over applicable government legislation. With which all employees should be familiar.

Date – August 1, 2013
